## Lake Worth Pride 9th Grade Youth Basketball

We are *Lake Worth Pride*, a group of driven individuals who believe in hard work and dedication to the game of basketball. Playing basketball is a privilege and being a member of *The Pride Family* requires a commitment on our part not only on the court but also off as well. We teach the fundamentals of the sport in a structured and fun-filled environment where we also learn life lessons and how they relate to the game of basketball. All players are required to keep a GPA of 2.0, and we also serve our community by doing volunteer work on a regular basis. All of the players on the 9th grade team hold a GPA of 3.0 or higher, they are working just as hard off the court as on the court. Last season we participated in 9 tournaments, we placed 2nd in 3 of those and 1st in 4 of them. This season our 9th grade team is looking to participate in even more tournaments and build upon the success from last season.
